## ARIZONA NEWS.

(Cutted from Exchanges.)

**Florence Tribune:** Sheriff Truman will act as cicerone for a party of ladies who start Monday for Jack Fraser's Bloomerville ranch. Since Col. Bob Williams left there is no one else to undertake these delicate functions.

**Yuma Sentinel:** C. O. McCarroll of the Cibola Canal Co., and Eph. Morris, secretary, were in Yuma this week. Mr. McCarroll reports the Cibola valley as flourishing and is a very enthusiastic believer in the future greatness of that locality. The canal has stood the test of the high water. Mr. McCarroll left Thursday for Los Angeles on business.

**Graham Bulletin:** It is announced that Geo. L. Bugbee, formerly of Bowie station and well known in this county, is soon to be married to Miss Speed of Wilcox, a sister of Hon. Wm. Speed. Mr. Bugbee was employed in the railroad office at Wilcox last spring, but was recently promoted to be trainmaster of one of the divisions of the Southern Pacific in California.

**Republican:** W. P. Whalen was arrested yesterday morning for parading in front of his residence, the Star lodging house, with his socks on. They, perhaps, wouldn't have arrested him if had been wearing anything else, but those socks gave him a grotesque appearance at which the community in which Mr. Whalen resides, shied. Mr. Whalen is the editor in chief of a stud poker game.

**Gazette:** There came to Justice Johnstone's office yesterday a copy of Freedom, a paper printed at Manila. It was dated in February and contained Hip Hoorah accounts of a couple of great battles, one of which was headed "The Hell and Damnation Shells of the Utah." The paper is now what might be termed a reflection of credit on the art preservative, but it tells its tale of freedom all right.

**Gazette:** Justice Johnstone yesterday evening issued a warrant for the arrest of a man on First avenue who is charged by his neighbors with extreme cruelty to his family. It is said that besides refusing and failing to supply them with the necessities of life, he beats and chokes his wife until the neighbors are obliged to go to her assistance. This occurred twice yesterday, and it is sufficient to make the neighbors think that there was some good in the Whitecaps after all.

**Arizona:** Howard Lancaster, a printer formerly employed in this office, and well known in this valley, met with a serious accident last Sunday, at Clifton. He was employed about the smelter, and while attending to his duties, his leg became entangled in a belt, and before he could be released was badly crushed, although no bones were broken. He is about on crutches, and as soon as he is able will resume his former occupation, as being safer. He will hereafter labor in the office of the Copper Era.

**Graham Bulletin:** As tending to show the advantages of Arizona, a mover from Texas wrote back to the people at his old home in Llano, that he never saw so contented and prosperous a people as he had found in the beautiful Gila valley. This man came from where they raise four-cent cotton. People who have lived here sometimes don't realize their advan-

tages, but strangers coming from less favored localities recognize them at once. By the same reason, people who leave here and have to work for a living, always come back if they are able to do so, for they find from bitter experience that they have quit a country "that is hard to beat."

**Republican:** Southern California is again looking to Arizona for barley and hay. The shipments from the south side alone average four carloads a day and several cars go out from Phoenix to points in southern California each day. The price which is received by the ranchers leaves them a good margin of profit, and as the season advances the price of hay will materially increase. Arizona will probably always be looked to by California to supply a great deal of hay each year. Not only are shipments made from the Salt River valley, but the Gila valley and other portions of southern Arizona send hay to the coast every year. The raising of alfalfa will continue to increase as a profitable product of the ranch.

### An Epidemic of Diarrhoea.

Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been quite an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and they say it is the best medicine they ever used. For sale by L. W. Mix & Co., Druggists.

The latest novelty out is a visiting card put up in books, with a handsome aluminum case. When you want a card it is torn out, leaving a short stub in the case. The cards are perforated at the stub, making it easy to tear. When a book is used the stubs are slipped out of the case and another inserted. The case is neat, compact and protects the cards. You can get them at THE OASIS office. Call for samples.

## Kodol Dyspepsia Cure. Digests what you eat.

It artificially digests the food and aids Nature in strengthening and reconstructing the exhausted digestive organs. It is the latest discovered digestant and tonic. No other preparation can approach it in efficiency. It instantly relieves and permanently cures Dyspepsia, Indigestion, Heartburn, Flatulence, Sour Stomach, Nausea, Sick Headache, Gastralgia, Cramps, and all other results of imperfect digestion.
